**Subject:** FYI. Current copy of PFBS assessment  
**Attachments:** Perfluorobutane Sulfonic Acid Final - for PFAS Website\_post memo.docx

Hi Chris and Jennifer,

For background, in advance of the briefing next week, here's a current copy of the PFBS assessment. This would basically be the copy that would go on the PFAS website (a version with different front matter would wind up going on the PPRTV website). The assessment is going through 508'ing now, so they should be ready as events allow for replacing the old version with the correct one.

-Lou
